## **The Auditors of South Eastern Europe, Deliberating, in Bucharest**

***“Understanding and Applying International Standards on Auditing,  
Assurance and Related Services”***

13-14 September 2006

Between the 13<sup>th</sup> and 14<sup>th</sup> of September 2006 took place the seminar on “Understanding and Applying International Standards on Auditing, Assurance and Related Services”, organized by SEEPAD (the South Eastern European Partnership on Accountancy Development).

The seminar organized by SEEPAD in Bucharest debated on the International Standards on Auditing, Assurance and Related Services issued by the International Federation of Accountants (IFAC). Financial auditors, members of the professional bodies, members of SEEPAD, attended this seminar. The seminar was honoured with the presence of French specialists from Ordre des Experts Comptables (OEC), of France, who presented these standards.
